

Enter:

**smile.amazon.com** in the address bar. (Not just amazon.com)

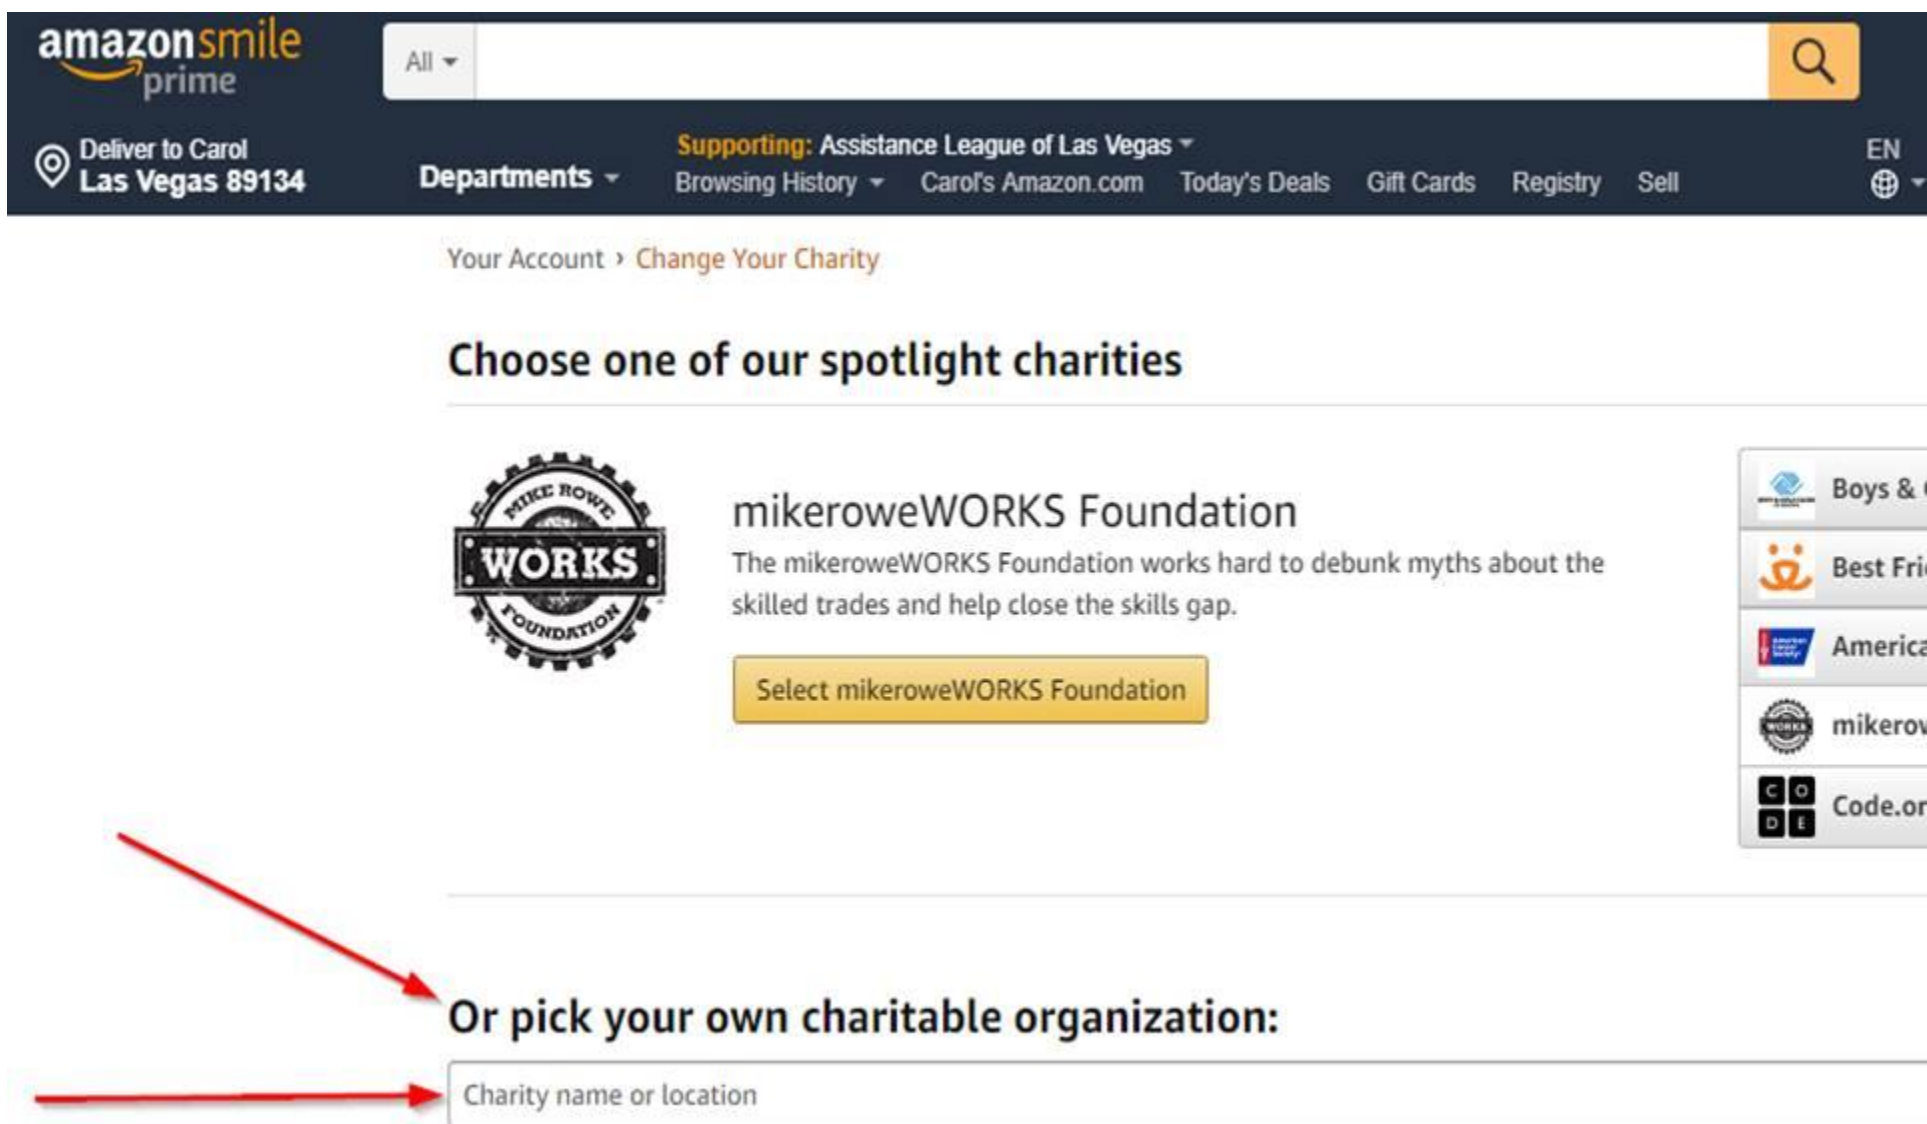

Sign on with your amazon credentials as you normally would.

If you do not have an amazon.com account, sign on to **amazon.com** and create an account, THEN enter **smile.amazon.com** in the address bar.

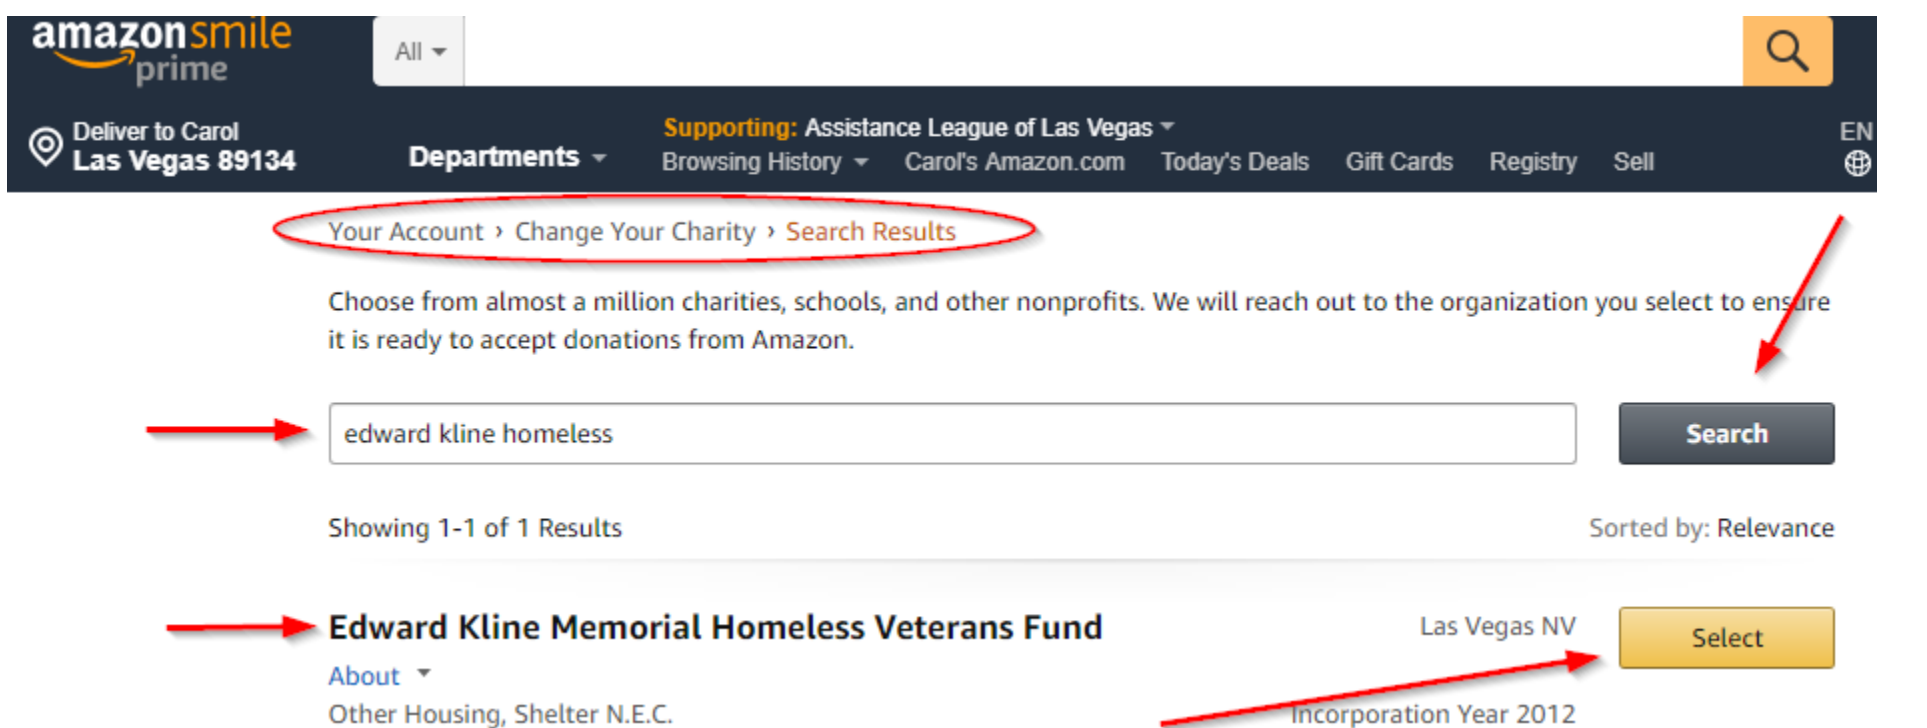

If you already are associated with an Amazon approved charity, see "Supporting" move your cursor over the charity name and a dropdown will appear. Then click on the word "Change".

Another dropdown will appear over the first dropdown as above:

In the Section "Or pick your . . ." please enter "edward kline homeless" and press the search button.

The name **Edward Kline Memorial Homeless Veterans Fund** will appear in the "results" box. Click on the select button to the right of that name and shop away to your hearts content! The selection will remain attached to your Amazon account until it is changed through the process shown above.

If you do not have a charity selected, you will be prompted to go through the above process.

Thank you for supporting the **Kline Veterans Fund**.
