## VA Housing Assistance Programs

### **U.S. Department of Housing and Urban Development-VA Supportive Housing (HUD-VASH) Program**

HUD-VASH is a collaborative program which pairs HUD's Housing Choice Voucher (HCV) rental assistance with VA case management and supportive services for homeless Veterans. These services are designed to help homeless Veterans and their families find and sustain permanent housing and access the health care, mental health treatment, substance use counseling, and other supports necessary to help them in their recovery process and with their ability to maintain housing in the community.

For more information, please visit [www.va.gov/homeless/hud-vash.asp](http://www.va.gov/homeless/hud-vash.asp) or contact the Southern Nevada HUD-VASH office at 702-791-9000 ext. 15456  
6900 N. Pecos Rd. North Las Vegas, NV 89086

### **Supportive Services for Veteran Families (SSVF)**

For very low-income Veterans, SSVF provides case management and supportive services to prevent the imminent loss of a Veteran's home or identify a new, more suitable housing situation for the individual and their family; or to rapidly re-house Veterans and their families who are homeless and might remain homeless without this assistance.

Through referrals and direct outreach, nonprofit agencies and community cooperatives use SSVF funding to quickly house Veterans and their families who are homeless and keep others from slipping into homelessness by providing time-limited supportive services that promote

housing stability. Case management includes help securing VA and other benefits such as educational aid and financial planning.

# VA Benefits

## Survivor Benefits

The Survivor Benefits Plan allows veterans to have a portion of their monthly retired pay withheld in order to provide a monthly survivor benefit to a surviving spouse or other eligible recipient. These important benefits are essential for many people. Resources are available to help navigate the process.

## Death Pension

Death Pension may be payable to the surviving spouses and children of deceased wartime veterans. This benefit is based on the financial need of the dependents.

For more information, please contact the VA at: 1-877-294-6380  
[www.benefits.va.gov/pension/spousepen.asp](http://www.benefits.va.gov/pension/spousepen.asp)

- Servicemembers who died while on active duty
- Veterans who died as a result of a service-related disability
- Certain veterans who are receiving 100% disability compensation from the VA at the time of their death.

For more information, please contact the VA at: 1-877-294-6380

## Eligibility for VA Disability Benefits

VA disability compensation provides tax-free monthly payments. If you have a service-connected condition, you may be eligible for compensation.

A service-connected condition means an illness or injury that was caused by or got worse because of your active military service.

You may be eligible for VA disability benefits or compensation if you meet both of these requirements.

**Both of these must be true:**

You have a current illness or injury (known as a condition) that affects your mind or body, **and** You served on active duty, active duty for training, or inactive duty training.

**And at least one of these must be true:**

You got sick or injured while serving in the military—and can link this condition to your illness or injury (called an in-service disability claim), **or** You had an illness or injury before you joined the military—and serving made it worse (called a pre-service disability claim), **or** you have a disability related to your active-duty service that didn't appear until after you ended your service (called a post-service disability claim).

Current Veterans Disability Compensation Rates:

<https://www.va.gov/disability/compensation-rates/veteran-rates/>

**Presumptive Conditions:**

For some conditions, we automatically assume (or “presume”) that your service caused your condition. We call these presumptive conditions. If you have a presumptive condition, you don't need to prove that your service caused the condition. You only need to meet the service requirements for the presumption.

Find out more about these categories of presumptive conditions:

## VA Health Care

With VA Health Care, you're covered for regular checkups with your primary care provider and appointments with specialists (like cardiologists, gynecologists, and mental health providers). You can access Veterans health care services like home health and geriatric (elder) care, and you can get medical equipment, prosthetics, and prescriptions.

**Eligibility for VA Health Care:**

You may be eligible for VA health care benefits if you served in the active military, naval, or air service and didn't receive a dishonorable discharge.

**If you enlisted after September 7, 1980, or entered active duty after October 16, 1981**

You must have served 24 continuous months or the full period for which you were called to active duty, unless any of the descriptions below are true for you.

**This minimum duty requirement may not apply if any of these are true:**

- You were discharged for a disability that was caused or made worse by your active-duty service, **or**
- You were discharged for a hardship or "early out," **or**
- You served prior to September 7, 1980

**If you're a current or former member of the Reserves or National Guard:**

You must have been called to active duty by a federal order and completed the full period for which you were called or ordered to active duty. If you had or have active-duty status for training purposes only, you don't qualify for VA health care.

**If you served in certain locations and time periods during the Vietnam War era:**

You're eligible for VA health care.

**What should I do if I received an other than honorable, bad conduct, or dishonorable discharge?**

If you've received one of these discharge statuses, you may not be eligible for VA benefits.

**There are 2 ways you can try to qualify:**
